MAYOR SIDES STOCKS HAD WITH COLER.

Fight with the Board of Market Was Affected **Education Gets** Warm.

trailer Coler wrote to the Mayor oday regarding the refusal of the Board of Education to submit pay-rolls the Finance Department.

After going into detail concerning an estanding arrived at several months serning the payment of teachers' salaries, or the fund to be drawn pon, he quoted the resolution passed the Board of Education yesterday

briefly refer to the fact that this resolution does not contain a single true statement and that its wilful misrepre-mentation is equalled only by the extrardinary imporance of the elementary es of municipal finance.

would result in the punishment of innecess third, parties, viz.: the school
teachers of the city of New York. The
welder of the Board of Education has
declared that it would take him too
mosths to prepare proper schedules.
The school teachers of the city, who
have already suffered too much from the
teachers of those charged with the
conduct of their business, should not
be compelled to wait this length of time.
It seems to me, therefore, necessary
for some superior authority to step in
and undertake the details of that work
which the Board of Education professed
to be incapable of performing."

He then suggests that the Commissioners of Accounts be authorized to go
over the books of the Board and work
information desired by the Compitolier
to enable him to speedily dispose of the
payment of the school teachers.
